Dear Mr. Newman:

I herewith enclose statement of recent sales. Elder said that he couldn't tell the rare bonds from the common ones so he returned all of them which if he really couldn't tell them apart, was a very good idea.

You have my original pencil list of the paper money and I enclose adding machine strip of same herewith which will save writing a detailed list, if you will note that he returned the \$100.00 Train of cars, green and black at 75¢; 3 \$10.00 female and flag at \$1.50; 3 of the \$20.00 ship June 25th, '61 at 20¢ each; 7 of the female and cotton bale, Sept. 2nd '61 at 15¢ each; 2 of the \$5.00 Memminger, Sept. 2nd, '61 at 35¢ each; all 3 of the green and black same at 20¢ each; 7 of the \$10.00 female and urn at 15¢ each; the \$20.00 XX inverted at \$5.00; the \$20.00 group of females at \$1.50; two of the \$1.00 green and black at 15¢ each; 1 of the \$5.00 April 6, '63 and one of the \$500.00 1864.

Mr. B. G. Johnson,
St. Louis Stamp and Coin Company,
408 Olive Street,
St. Louis, Missouri.

Dear Mr. Johnson:-

I was able to sell to John Musculus, Bridgeport, Pennsylvania, \$14.00 worth of business college notes from our joint property and \$9.00 worth of your sole property. I am therefore enclosing a check for \$16.00. You indicated that you did not wish the North Missouri Railroad circular.

I received all of our transportation notes back from Howard G. Laible, Los Angeles, who indicates that our specimens are excellent but he cannot afford to keep them. He indicates he would like to have us cut up the proof sheets. I am probably going to write him to see if he will trade them for some coins or paper money, of which he says he has 15,000 different items. He also asked me if I knew you and described you as "a very fine gentleman".

Very truly yours,

EPN:VC

from Mr. Dillistin, the sum of \$37.50 of which is being
enclosed herewith. This leaves a balance due from him
of \$209.50.

Sincerely,

Rare 1797 with reverse of 1796 (see length of eagle's wing)

The 1796 and 1797 1/2 Dollars we have already discussed. The 1794 1/2 Dollar is excessively rare uncirculated, extremely fine would bring \$50.00, fine \$20.00 to \$25.00. The 1795 1/2 Dollars would bring uncirculated from \$25.00 to \$60.00 depending on rarity of die and very good to very fine anywhere from \$3.50 to \$10.00 each.

There is also the rare 1795 1/2 Dollar with three leaves below the Eagle's wing. I have never heard of this turning up uncirculated. It is worth from \$40.00 to \$75.00 in very good to really fine condition. 1801 is worth about \$35.00 uncirculated and 1802 about \$25.00. The rest of the Philadelphia Mint 1/2 Dollars you can easily check against in the current catalogue as is also the case with most of the mint marks.

The 1878 S Mint will readily bring \$125.00 uncirculated which is the way it always turns up. Everything else from this mint is pretty thoroughly covered by the catalogue as is the CC Mint, the O Mint and the Denver Mint, these being the only mints at which 1/2 dollars were coined.

The 1838 O Mint 1/2 Dollar can be readily figured at about \$3000.00 for the three at a minimum. The Washington piece in gold which is 1792 with large Eagle on reverse, is a \$3000.00 coin. The Confederate 1/2 Dollar, properly pedigreed, should bring a couple of thousand dollars. The gold 1/2 dollar about \$200.00. The Washington silver 1/2 Dollars if both of the common type about \$900.00; of one of them is the rare type with large shield - the pair should bring \$15,000.00 or more. The 1853 1/2 dollar without arrows about \$1000.00

In Pattern 1/2 Dollars - there is the 1814 struck in platinum for which I got either \$1000.00 or \$1100.00. Then in 1838 there are a lot of silver 1/2 dollars A.W. #67, 68, 74, 75, 77, 79, and 81 - all would be worth from \$125.00 to three or four hundred dollars each. The same thing applies to #88, 89, 90, 91, 93, 95, 97, and 98. The impression of these 1/2 dollars in copper, however, are only worth about \$40.00 each.

We then come to the pattern 1/2 Dollars of 1877. These pieces in silver are worth about \$60.00 each and in copper about \$20.00, as are the pattern 1/2 dollars of 1879. If any pattern 1/2 Dollars of 1891 are in the lot none of these have ever been offered. Their value is anyone's guess. This also applies to the pattern 1/2 Dollars of the Panama Pacific issue in gold or platinum. The pattern 1/2 Dollar of 1872, AW 1258 is worth \$40.00 to \$50.00 and about half as much in other metals. The pattern 1/2 Dollars of 1889 and '70 are practically all of them of very slight value indeed. 1869/ They are worth about \$6.00 each with three or four exceptions. The pattern 1/2 Dollars of 1861, '62, and '63 are not of much value. They are worth from \$7.50 to \$15.00 each which about covers all of these coins.

Dear Mr. Newman:-

A Revised check up shows about 27,000- fixing the common problem over these years to some find one other - and not including the 1814 plat. and the 1853 no arrows which you did not mention. The only slow coin would I think be the half in gold and maybe but not certainly the Confed. $\frac{1}{2}$ dol. I think we could reply about 7,000- for the 1816 plat $\frac{1}{2}$ dol. in plat. In fact it appears to me that the list you gave me plus either the 1814 plat. or the 1853 no \leftarrow would come pretty close to 20,000- flat leaving about 7,000- in $\frac{1}{2}$ dol. yet to be heard from - if they would be 25,000- it surely would be a buy - if they weren't or 30,000- sounds like a buy to me - especially if you could get them to cover the half in gold @ 1,000- thereby

Calling to word. I would have
no hesitations (as I told you) as
Young & Co. chose things in the
lot to buy & I think they will
would be good for \$1000 as a
starter. In fact if you had
you are no longer tied by money
I will be much easier to
sell. I have some of the 1/2 Dime
1/2 Dime & 1/4 Dime would buy
if I had other items. The
1/2 Dime for 1838 are also
much under valued by me to
be in the safe and I imagine
some are foreign. There should
be mixed them and I will
must have for you to be foreign.
Just about 1838 to 1840 -
→ I don't know about 1840, but
He must have had the group
about 1840. I have the paper money -
He could have as much by

our last chance before the
whole business becomes public.

July 1st, 1942

Mr. Eric P. Newman
Barbizon-Plaza
New York, N.Y.

Dear Eric:

I think you did amazingly well because as has always been the case, there seem to be a lot more material than we were expecting in this 1/2 Dollar bunch. In fact, you did splendidly. I am sure this is going to be a very good deal. Also from what you tell about other people commencing to edge in, it is probably the last deal we will be able to make with them. When the stamps commence to go on auction it will be public property to all the coin dealers then that ^{Tiley} are selling their goods and after that, there will be a scramble. If the 1796 and 1797 1/2 Dollars are strictly uncirculated and faultless, I do not anticipate any difficulty in selling them at the price I indicated.

My present plans are to send a lot of the beautiful material to Boyd who loves 1/2 dollars better than any other series and who I believe is broadminded and will bear no malice because we got these coins and in any event is not likely to cut off his nose to spite his face by rejecting things he badly wants whether he is displeased or not. I also have in mind beguiling Mehl into including a whole blooming series in an auction, that is, one of each variety, which we can well spare and have plenty left over. I shall tell him that this is an opportunity to publish a Mehl Type Table catalogue to replace Hazeltine's Type Table catalogue of sixty years ago. What I am trying to do is to have each variety of the 1/2's in the '20's and '30's included as well as the rare stuff. I mean each minor variety 1/2 dozen or more of the date all listed separately. Mehl will love this sort of thing and if I handle the matter properly we can get rid of one whole set of 1/2 dollars at a good figure. All of this, of course, will be taken up after the coins get here and not until then.

Your Father came into the office and got my cashier's check and then left for the bank to get a draft to forward on to the Chase people. I had bad luck with both your telegram and air mail letter. Your telegram which apparently was sent about 3:00 p.m. New York time, did not reach the office until after I had left and I waited here until 7:00 p.m. for your telephone call. The telegram should have arrived about 3:30 p.m. Your Father called about your air mail letter to him, having been received in the morning while your air mail to me mailed at the same time, did not arrive until 1:30 p.m. this afternoon. However, no harm was done.

I am looking forward to my short vacation and hope that you are both enjoying yourselves. With best regards to your wife and self,

As ever,

HOTEL TEXAS

Dear Sir:

Dear Sir: today - not very successful for he has had a setback of some kind and looks very sad and miserable. There will be no difficulty in getting some sort of that wound with him along the line I had in view but frankly I strongly question his being able to do any thing of that nature for months - he looks very tired and has no energy - or appearance of making a good recovery - for a long time to come - As there is he had better not count

very much on sight - I am
glad I had this talk with
him however - for I now know
what to expect in that
Respect. I only spent half
an hour with him - will
not bother about going around
to his office tomorrow for I
don't want him to think
I was spying on stock
and he is not able to
discuss the bull silver deal -

Had a very nice time
in San Antonio but I do
not blame them for wanting
to get away from that house -
it upset me not to have
many men around.

Will be home Monday &

Dear Mr. Johnson:-

I sold the following joint property

| \$20 Mississippi B-16 | .50 |

Of your property I sold him a \$1 green and black

As you will note I had to make certain reductions
in order to sell the items.

I sold 11 Washington, D. C. notes to Mr. Muscalus

for more money on account of these notes, I have sent him
a great deal more material so that some new deal will be

your personal items are \$3.00. A check for \$32.00 is
enclosed.

Mr. B. G. Johnson,

Dear Mr. Johnson:-

In the course of my negotiations with Mr. Muscalus I have sold of our joint paper money \$8.75 worth. I paid \$2.00 for the specific gravity determination of the Panama Pacific and therefore am enclosing a check for \$3.38 payable to your order.

When Mr. Muscalus returned certain Washington, D. C. notes, I permitted him to take five of them in exchange for a Gwynne & Day Bank Note Reporter. I am enclosing more or less similar specimens of those notes out of the joint lot which you may keep if you do not wish an interest in the bank note reporter. If this is not satisfactory I will be glad to adjust it from a cash point of view.

Very truly yours,
